

Projects

2 Sheraton Street London W1

Client Benchmark Group Plc
Size 7,000m²
Value £15 million
Contract Construction Management
Status Completed July 2001

The refurbishment and extension of a Grade II listed late-Victorian former music printing works with recital rooms, into a contemporary office environment suitable for high technology users.

Crisp, clean minimal interventions are introduced into the building, disturbing the existing fabric as little as possible, but creating a dramatic new use of space. New glass stair envelopes rise up within the lightwells clustered around a new core containing lifts and WCs.
