

Profile: Jason Rudolph

Jason Rudolph BArch(Hons) DipArch
Associate

He joined Rolfe Judd as an Architect in 2003 and became an Associate in 2007.

Jason has led a variety of projects including office, residential and retail schemes from concept design stage through to completion. His design credentials are supplemented with an ability to communicate with all members of the client, design and construction team.

Jason studied at Kingston University and qualified in 2002.

Projects include:

- **150 New Bond Street** London W1
Client: Prudential Property Investment Managers Ltd
£14 million. Two stage Design and Build with novation. On site. Completion anticipated March 2010. A major re-development to provide 1,580m² Cat A offices over 370m² retail. The scheme replaces an unremarkable 1950s office/retail building.
- **Plumtree Court** Shoe Lane London EC1
Client: PPG Southern
Preparation of planning application for this refurbishment and extension to an existing 23,225m² office building.
- **Grove Hall Court** London NW8
Client: The Freshwater Group
New build residential development in the grounds of a large mansion block.
- **35 Great Peter Street** London SW1
Client: The CIT Group
Conversion of existing office building to provide 9 private residential units
- **East Walls** Chichester
Client: Kier Property
Major new build mixed-use redevelopment comprising 162 residential units and 4,900m² retail. The scheme represents the largest urban regeneration project within the city walls for many years.
- **Britannia Walk** London NW3
Client: Goldcrest Homes Plc
Detailed design and production information for a £7 million new build development comprising 14 flats and 18 live/work units.
- **Chichester Canal Basin**
Client: Osborne Homes
44 Residential units and 17 Private houses overlooking the canal basin. Incorporating 1 no. commercial unit.
- **Abbey House** Baker Street London NW1
Client: The CIT Group
Planning permission for a major new residential development incorporating the retained 1930s tower of the former headquarters of the Abbey Building Society.
- **Aybrook Street** London W1
Client: The CIT Group
A major residential development on a complicated urban site in the heart of Westminster, comprising 140 units grouped around a central courtyard.
- **Temperley Road** London SW12
Client: London Realty Ltd
Planning permission for a proposed residential redevelopment of the former Osborne & Little factory site in Balham, comprising 40 residential units including 18 town houses.
