## Jason Rudolph Associate BArch(Hons) DipArch

Jason is passionate about sustainability and heads up Rolfe Judd's in-house sustainability team. He led the development of the company's Environmental Management System and ensures that there is an on-going review of Rolfe Judd's current projects, in-house practices and staff training is implemented.

He is a qualified Code for Sustainable Homes (CfSH) assessor and several of his current and recent projects have achieved or are set to achieve impressive BREEAM, CfSH or Passivhaus certification.

Jason has led a variety of projects including office, residential, retail and transport schemes from concept design stage through to completion. His design credentials are supplemented with an ability to communicate with all members of the client, design and construction team.

Jason studied at Kingston University and qualified in 2002. He joined Rolfe Judd as an Architect in 2003 and became an Associate in 2007.

Recent projects include:

### **40 Bruton Street London W1**

**Client:** Prudential Property Investment Managers Ltd  
£14 million. Two stage Design and Build with novation. On site. Completion anticipated March 2010. A major re-development to provide 17,000ft<sup>2</sup> Cat A offices over 4,000ft<sup>2</sup> retail. The scheme replaces an unremarkable 1950s office/retail building. Rated BREEAM Very Good.

### **Plumtree Court Shoe Lane London EC1**

**Client:** PPG Southern  
Planning consent for this refurbishment and extension to an existing 250,000ft<sup>2</sup> office building. Rated BREEAM Excellent.

### **Grove Hall Court London NW8**

**Client:** The Freshwater Group  
New build residential development, comprising 15 house, in the grounds of a large mansion block. Achieved Code for Sustainable Homes level 3.

### **35 Great Peter Street London SW1**

**Client:** The CIT Group  
Conversion of existing office building to provide 9 private residential units.

### **East Walls Chichester**

**Client:** Kier Property  
Major new build mixed-use redevelopment comprising 162 residential units and 4,900m<sup>2</sup> retail. The scheme represents the largest urban regeneration project within the city walls for many years. Rated EcoHomes Very Good.

### **Britannia Walk London NW3**

**Client:** Goldcrest Homes Plc  
Detailed design and production information for a £7 million new build development comprising 14 flats and 18 live/work units. Rated EcoHomes Very Good.

### **Chichester Canal Basin**

**Client:** Osborne Homes  
44 Residential units and 17 Private houses overlooking the canal basin. Incorporating 1 no. commercial unit.

### **Abbey House Baker Street London NW1**

**Client:** The CIT Group  
Planning permission for a major new residential development incorporating the retained 1930s tower of the former headquarters of the Abbey Building Society.

### **Aybrook Street London W1**

**Client:** The CIT Group  
A major residential development on a complicated urban site in the heart of Westminster, comprising 140 units grouped around a central courtyard.

### **Temperley Road London SW12**

**Client:** London Realty Ltd  
Planning permission for a proposed residential redevelopment of the former Osborne & Little factory site in Balham, comprising 40 residential units including 18 town houses.
