## Steve Harvey Director BA(Hons) DipArch RIBA

Steve has been involved in a wide variety of building types including commercial office, residential and leisure schemes, but his communication and interpersonal skills are inherently adaptable and it is the management of the complex interfaces between all the parties involved that he enjoys most. His ability to motivate large teams involved in complicated projects is of particular value.

Steve studied at Brighton School of Architecture, qualifying in 1991. Prior to joining Rolfe Judd in 1996, he gained private practice experience with Anthony Collett Associates and RHWL. He became an Associate at Rolfe Judd in 1998, a Senior Associate in 2001, and a Director of Rolfe Judd Architecture in 2003.
